

A photograph of a stone fountain in a garden. The fountain is made of dark grey stone and has a rectangular top slab. On the top slab, the French phrase "Passant des allées loi et remercie Dieu" is engraved in a decorative font. In the center of the fountain is a small, square stone pedestal. On the pedestal, the date "6 OCTOBRE 1895" is inscribed above a small circular emblem or coat of arms. The fountain is surrounded by snow-covered ground and low-lying bushes. The background is filled with dense, snow-laden foliage.
