It is the  
"Capital of  
Rejoicing"

And so it begins,  
with dignity and  
class

a bit of flare...

lots of silly,

...and flash

and with lots of fanfare, you have a parade!

A giant momma  
for the giant  
baby.

It's embarrassing that we're still seen as cowboys!

We had the sea represented,

and the moon and sun, too

A kiss from the sun for Lisa

Hey, weren't there 3 birds on a wire before?

The drum corps of the invading Spanish

Their majesties, los infantes

Why do I feel so small?

Some audience participation required

The conquered get brainwashed

drawn as to a flame

A colorful statement about the nature of the sexes?

Awwwwwww, how sweet

Such eager participation

Lisa can jump rope in French, too

Six! Well, Jim, give us your secret

Traditional Swiss garb...no, really!

The happy parade goes, little do they know the wave that is about to wash over them

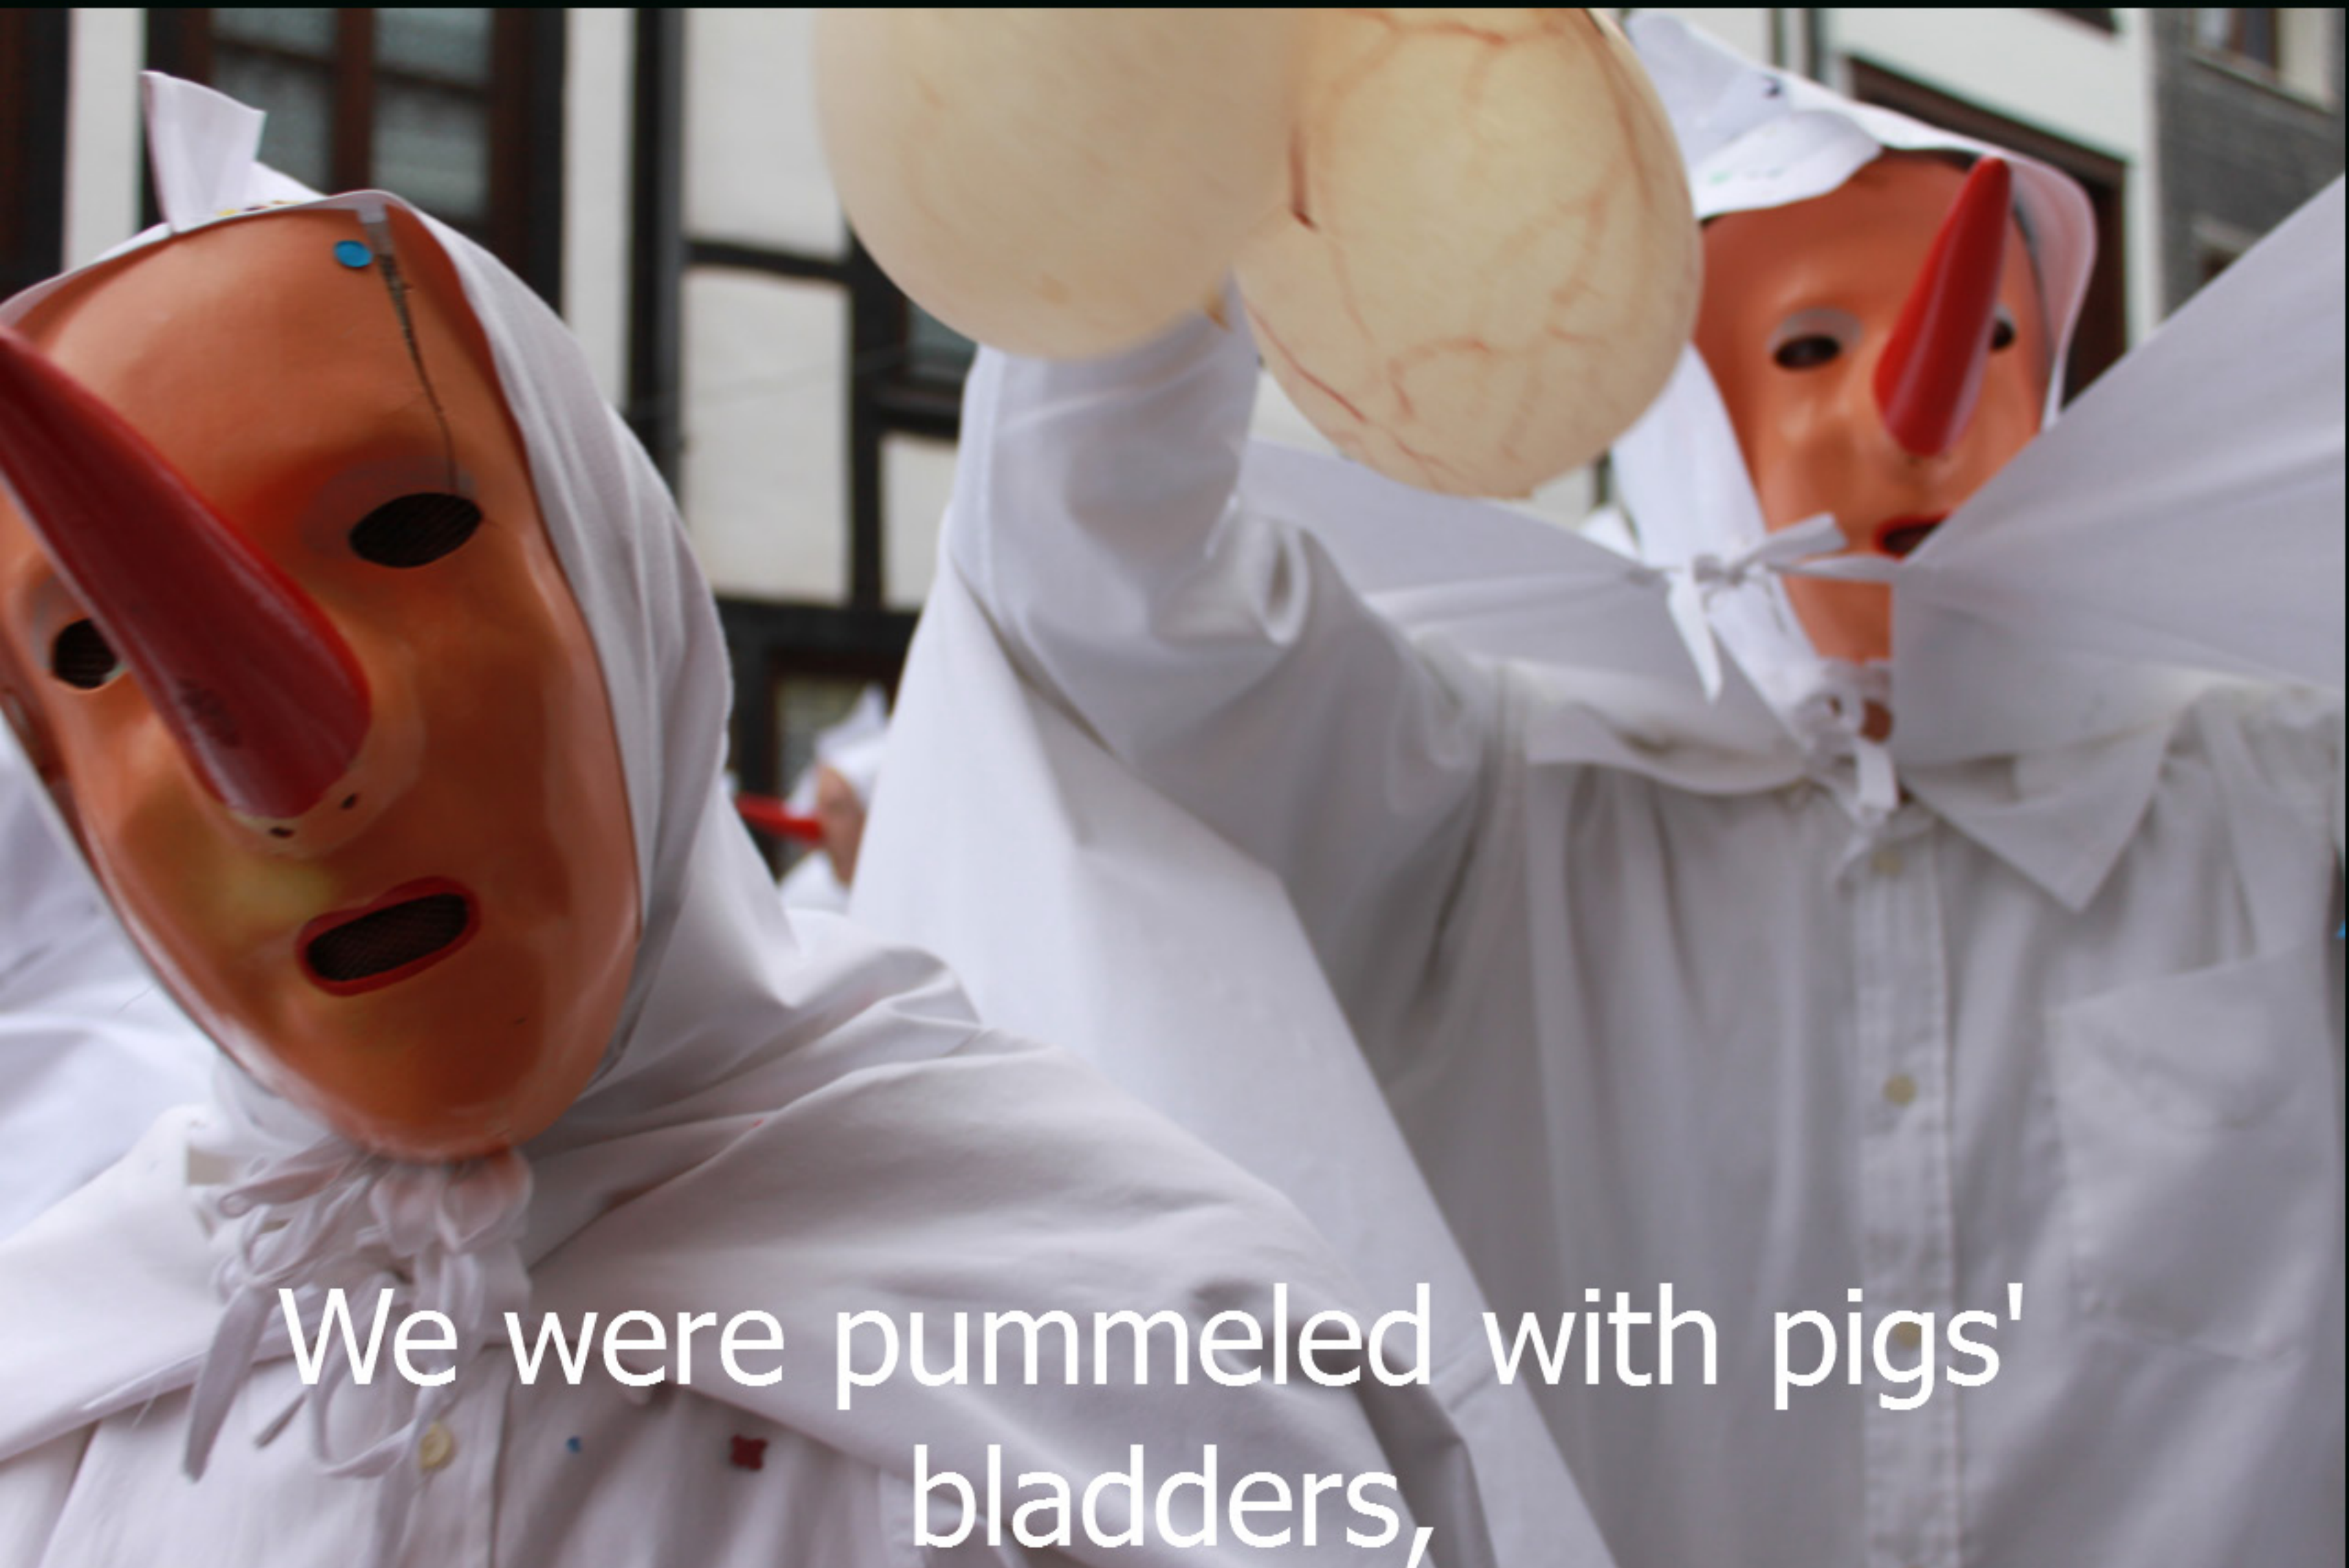

the wave crests with the onslaught of the  
blanc moussis

We were pummeled with pigs' bladders,

pelted with confetti,

and slapped with fish

and then a blizzard of confetti

They haven't gotten their broom stick back yet!

A day to  
remember,  
and  
thoroughly  
Belgian!
